

1. BCA BIDDING AGENT

Should you find yourself without the time to personally bid in one of our actions one day, you can comfortably rely on the BCA bidding agent. Using the BCA bidding agent enables you to participate in our on-site, LiveBid and xBid auctions without actually being present. Due to possible changes in a vehicle description and the deactivation of the BCA bidding agent associated with such an action, we recommend to activate the bidding agent max. 24 hours before the auction starts.

Please note that this option is only available the day before the auction starts. from about 4:30 p.m. onwards.
